

Safe Sports information

When you log in to your home plate and are ready to take your ACE test a new program was approved by the USA Softball board requiring all persons taking the ACE test to also create a profile on the USOC SafeSport website and take three lessons regarding sexual misconduct, mandatory reporting and emotional and physical misconduct. These lessons will help raise the awareness of our coaches regarding these important subjects facing our society today.

USA Softball leads the way over other softball entities in making sure our players are in a safe secure and learning environment.

When you get to your ace page this is what you will see:

ACE Education

Welcome to the new ACE Testing Dashboard. Here you'll find everything you need pertaining to ACE Education. Below are links to the ACE Testing Center, review previous tests, and if you have previous ACE tests completed a table of collected information pertaining to prior ACE Education.
